1945 Price List

LONE TREE

DAHLIA GARDENS

GREETINGS TO ALL FLOWER LOVERS:

With the beginning of another season, it gives us great pleasure to send you our modest little 1945 price list. We can again say that we have a limited crop of fine field grown medium sized roots, for your choosing. In these days of tenseness, with our thoughts and prayers on our fighting men, the glorious beauty God has given us in blooming flowers is an inspiration for an uplifting of our spirits.

I wish to thank everyone for their share of past patronage, which I hope have given you much pleasure too, and I again solicit your orders for the coming season.

Yours for better and more flowers and gardens in 1945.

MRS. CORTIS RAY

INFORMATION

When you receive your roots, care should be taken so they will be kept in a place that won't dry them up. The time for planting dahlias and glads is when you plant your garden or corn in your locality. on up to June 15. They should not be planted when ground is cold and wet as there is too much danger of them rotting in the ground. All bulbs are not the same size, but a smaller bulb will grow and bloom just as well as a larger one, just so it has a good eye. All bulbs, large or small, under favorable weather conditions will bloom the first year.

Many other varieties are grown that are not listed, so if you are wanting something special, write about it.

GUARANTEE AND TERMS

All stock is State and Federal inspected twice each year and each order carries a copy of same. All stock is guaranteed true to name, bulbs are cut with good eyes and are sent out in good growing condition and will give satisfaction if handled properly by the purchaser.

Orders are for cash and postpaid on anything over \$1.00 in value. Any order under \$1.00 the purchaser must add 10¢ additional to help on postage. No orders will be sent C. O. D. unless one-half of the cash accompanies the order, then the additional C.O.D. expenses and postage also are paid by the customer.

EARLY ORDERS

Since most all varieties are limited in amount this season, I would suggest that you order early to be more sure of getting what you want. All orders are filled in rotation. When out of a particular variety, I will substitute another as nearly like the one ordered as possible, rather than disappoint you.

Shipment to the Southern States will begin March 10th and thereafter and shipments to the Northern States about April 15 and thereafter until June 15.

FREE PREMIUM BULBS

For orders sent me up to March 1, 1945 (no collections included) I will allow you to select 20% on every dollar's worth of the amount of your order in extra free bulbs of your own choosing from the list. No cash discounts will be given so select bulbs or stock only. For example, say your order (excluding collections) amounted to \$15.00. Then you would be allowed to select roots or anything from the list to the amount of \$3.00 free roots, extra, up to March 1.

FLOWER SEEDS—Generous packet, 10¢ each

Dahlia flowered Zinnias, all colors mixed. The new chrysanthemum flowered marigolds, Pink cat tail celosia or coxcomb, very pretty and odd.

HARDY CHRYSANTHEMUM PLANTS

\$1.00 per dozen, assorted but unlabeled.

These come in many assorted colors, including button mums. The plants will not be ready for shipping until sometime in the latter part of May.

CANNAS—\$1.00 per dozen

These are the large flowering kinds and make a lovely yard flower bed. Have these mixed or in separate colors of red, yellow and pink.

GLADIOLUS COLLECTIONS

Gladiolus bulbs are much higher and scarcer this year, due to shortage of and higher cost of labor and are very hard to get. All bulbs I offer will be large enough to bloom the first season and will be of the same high quality as used by leading florists.

Collection No. 1—35 medium sized bulbs. mixed, for \$2.00.

Collection No. 2—50 smaller sized bulbs, mixed, \$2.00.

Named Gladiolus—(One dozen of a kind only) Larger sized bulbs—75¢ per dozen. Choose from the following names:

Red Varieties—Excellence, Wurtembergia, Red Sunset, Aflame, Achilles.

Pinks and Lavenders—Mrs. Calvin Coolidge, Peggy Lou, Maytime, Bremen, Edith Robson, Betty Coed, Viola, Gem, Emil Aubrun.

Orange and Yellows—Spirit of St. Louis, Kunderd's Yellow Wonder, Token, Marina. Nancy Hanks.

LARGE DAHLIA COLLECTION

(Exhibition sized blooms)

Surprise Collection—12 for \$2.00. This collection is made up of large flowering double dahlias. each a different variety and labeled with its true name. The bulbs are cut with good eyes and are good sound tubers, although all tubers are not the same size. However, the size of the root has nothing to do with the size of the flower it produces and will, if it has a good eye, produce just as large flowers from a small root as if it were a large root. The selection is left to me and I can assure you that you will be more than pleased with their bloom. Since this collection would cost you three to four times as much if bought separately no replacements will be made in this collection, but they will all be cut with good eyes and be healthy sound tubers when sent out. Try a collection and be convinced of their bargain and beauty.

MINIATURE DAHLIA COLLECTION
